

## **Doctor Gilles MARMEY**

Radiologist since 1992

Partner of Infirmierie Protestante Radiology Group from 1992 to 2013

Partner of Norimagerie Group since 2013

### **EDUCATION**

- Medicine Degree of Lyon I University in 1990
- Specialization Degree in Radiology and Medical Imaging of Lyon I University in 1990
- MRI University Degree of Paris XI University
- Head and Neck Radiology Degree Paris XI University
- University certificate of breast disease, University of Strasbourg
- University certificate of breast disease, University of Grenoble
- Radiation protection Competency Certificate, Lyon
- Neuroradiology Degree, Paris VI University

### **FORMER WORK EXPERIENCE**

- Former intern of the Lyon hospitals
- Former Fellow of Urinary Radiology Department, Edouard-Herriot Hospital in Lyon

### **SPECIALITES**

- Adult and geriatric neuroradiology
- Head and neck radiology
- Dental imaging
- Urinary radiology
- Breast radiology
- Breast screening, first and second reading

### **SCIENTIFIC SOCIETIES**

- Société française de radiologie (French society of radiology)
- Société française de neuroradiologie (French society of neuroradiology)
- European society of radiology
- European society for magnetic resonance in medicine and biology
- Fédération des Médecins Suisses FMH, Canton du Valais (Federation of Swiss Medical Practitioners, FMH, Canton of Valais)

### **TEACHING ACTIVITIES**

- Former lecturer at Claude Bernard Lyon I University
- Jury member of the practical tests of the State Degree for medical imaging technicians.

## **CONTINUING EDUCATION**

In recent years, I have further developed my skills in neuroradiology, especially in the field of geriatrics and head and neck imaging.

I am a regular participant of the French Radiology Annual Congress and the brain MRI workshops at the Sainte-Anne Hospital Center in Paris.

I have been participating as a second reader in breast cancer screening organized by the Rhône department since 2001, rereading about 4000 mammograms per year.
